LAKSHMIPAT SINGHANIA ACADEMY
12-B ALIPORE ROAD, KOLKATA 700 027

Dear Students,

It is the beginning of yet another academic session 2017 -18. As the saying goes, well begun is half done. On this note then let us make a promise to make our lives more meaningful, and ourselves more driven in the years ahead. Students of Classes IX – XII, whose age bracket is roughly between 14 and 18 is the post formative year's phase, when some real connect with the world needs to be established. Keeping this in view, our school has drawn up a plan, or even a mission, call it what you may which would give you that much needed edge, the X-factor to stand out. The roads taken by the others are familiar, and familiarity breeds contempt. So, we have decided to take the road seldom taken by most. Our mission now would be to witness you getting actively involved in as many social service programmes as possible.

The school will act as the consistently supporting pillars to help you in your noble endeavours. Genuine Samaritans would be given due recognition in the form of nomination for prestigious posts in the Student's Council or eligible candidates for exchange programs, and the list goes on. However, the school would wish to make the tasks measurable. A minimum of 60 hours of active service will only be considered. Anything below that, could hence be considered only as earnest initiatives. Whatever sphere you might choose, whatever your time frame may be, is entirely your choice. The record of the same, will be with honesty and responsibility, be documented by yourself. What matters ultimately in this journey is to reach out to those who are in need of your loving support. Just imagine, how rich you would emerge after such an involvement. With greater insight and the profoundly true realization that you are the blessed children of God leading such happy lives of the privileged.

Being compassionate does not need a reason, a basis, still, incentives do help and we at our end further assure you that when you are finally ready to embark on your after school life voyage, a letter of recommendation from your Alma Mater mentioning your noble deeds would make your application to different Universities, domestic as well as foreign, more laudable and attractive. However, do not do it for grabbing these coveted posts, letters or words of praise. Do it because you can, do it because you must, or else, how do you plan to make your life meaningful or complete. Our school believes in the joy of giving, sharing, caring and we begin it with you. Let's take this unfamiliar road and make amazing things happen.
