Dear Children,

Examinations are here and are almost knocking aloud on our minds!

With your hard work and sincerity of purpose, throughout the year, we are positive that you all will come out with flying colours and will be promoted with promise in your next endeavour.

An examination is a test at which you demonstrate your individual qualifications and skills. It is a testing time, lined with hopes and dreams of a bright future. Sailing through all this becomes smooth if you have been consistent with your academics, if you are eating well, resting for decent hours, taking frequent breaks between your study hours and staying happy by being communicative with your family, friends and teachers. Even though the school expects the best from you all, it should not translate into any kind of stress or anxiety. Do your best and do not worry about what follows – is what you should believe in.

A word of caution will not be out of place. Using unfair means during the exams will be dealt with in accordance with the rules of the board. Cheating at exams is considered to be a serious violation of disciplinary rules of the board and will have serious consequences – like cancellation of exam, temporary or permanent expulsion from taking the examinations.

Have faith in yourselves and your abilities. Draw strength from your sincere preparations. Look forward to your beautiful tomorrows.

Wishing you all the best in your forthcoming examinations.

God bless you all.
