**LAKSHMIPAT SINGHANIA ACADEMY
12-B ALIPORE ROAD, KOLKATA 700 027**

Dear Parents,

We at Lakshmipat Singhania Academy believe and take pride in the concerted effort that is expected to be put in to proffer to our children as much help as possible. In the course of facilitating their learning, we may confront obstacles and deal with the same with resilience. We thereby pass on the valuable message to our wards that how we react to what happens in our lives, ultimately shapes our destiny.

It has been observed of late that some parents have become too impatient and lose no time in charging the school, rather than think about remedial measures, which initiate with constructive suggestions. Some of them have definitely become way too vociferous to even realize that the children are constantly watching them and learning from their thoughts and actions. As adults, we ought to give vent to our agonies and angst in an acceptable manner.

It is also very disheartening to note that most often parents misinterpret the corrective measures taken for their wards to be punitive and exhibit resistance for the same. We beseech the cooperation of all parents in this regard and assure you that we are persevering consistently with the best intentions in mind in order to shape a bright future for them.

We would also like to state that before one brings up an issue to the school authority, one probably needs to ascertain the gravity of it all. In case the matter surfaces as trivial, we need to involve only the HRT. E-mails may always be sent to the Principal directly, but therein too we need to allow enough time for the matter to be looked into and addressed. In other words, we would expect you to be patient besides avoiding tones of allegation in your communications with the school. No complaint or discussion goes unheard and that is rest assured. Your worries and concerns are always prioritized.

We would also like to take this opportunity to thank all the parents who by their positive and polite approach constantly assure us of their support and faith in our systems, even as they draw our attention to something pertinent. We definitely feel encouraged as they go a long way in rejuvenating our spirit and reaffirm that we are on the right track.

We solicit your continued support and co-operation in making school life a meaningful, memorable and happy journey for our children.
