Dear Parents,

We, with great pride and gladness feel privileged to announce the wonderful performance of our children, which would not have been possible without your support and co-operation. It is a moment of sunshine in these dark pandemic times when it has been proved by our children that no matter how tough the road ahead is, if the will and focus is in place nothing goes unrewarded. We as educationists and facilitators feel humbled at this feat exhibited by our children — that of hard work, firm determination and the ability to brave the difficult corona times.

Our children have also been a source of inspiration to us. We are learning the art of quiet acceptance, perseverance, self-preservation and self-management from these young minds. Their adaptability in the prevalent environment is setting high standards for us, and we at LSA are surely going to meet them with strong resolve to give out our best!
