Dear Parents,

We are pleased to inform you that the school libraries will now be open to the parents as well, as part of our continuous effort to foster a culture of reading and lifelong learning within our community.

Parents are welcome to visit the Senior library and borrow books from a specially curated collection that includes fiction, non-fiction, and self-development series. We believe this initiative will further strengthen the bond between home and school by encouraging shared reading habits and a collective love for books among both children and adults.

**Library Timings for Parents: Every Monday & Thursday - 3:00 p.m. - 4:00 p.m.**

We request parents to carry their ward's ID card when visiting the library and to adhere to the borrowing guidelines.

We look forward to your enthusiastic participation in making our library a vibrant hub of learning for all.

Warm regards,

Meena Kak

Director
