**LAKSHMIPAT SINGHANIA ACADEMY**  
12-B ALIPORE ROAD, KOLKATA 700 027

Dear Parents,

On behalf of the Management and Staff, it gives me immense pleasure to apprise you of the forthcoming academic session 2021 – 2022 as it has marked the successful completion of 25 glorious years of our academy in the field of education.

With the exceptional efforts taken by our innovative staff and with their steadfast approach towards the progress of the school and our constant effort to provide best education with learning opportunities to a twenty first century learner, we are marching ahead with pride and in complete satisfaction. As we embark on this momentous year, it is essential to mention that our students have been intrinsically involved with us in our pursuit to seek excellence in all our endeavours.

Parents, I also wish to express my gratitude to extending your support and having belief in us that enabled us to forge ahead with dedication and conviction.

As we are on the threshold of achieving a significant milestone, it is indeed imperative to look back on the year that has gone by and reflect on our achievements. The session 2020 – 2021 has been an exceptional year for our academy with laurels and accolades galore! It has also been a year with innumerable challenges and constraints faced by us in Covid times but our commitment towards our children has been a top priority for us in these tough times. All along during the covid situation, we have been focusing on investing in the future of our children through programmes that equip them with necessary skills and tools for their personal growth. I hereby take this opportunity to congratulate our highly capable and responsible faculty that stood up to the testing times of pandemic, thereby exhibiting their grit and determination.

Our Academy has maintained its Education World rankings for the last seven years – 2<sup>nd</sup> in Kolkata as well as in West Bengal. The school also bagged the School Excellence Award at Global Education Skills MSME and Entrepreneurship Summit Leadership Award, and the Best School Award at the 8<sup>th</sup> Academic Brilliance Award.

Awards for Excellence in Academics (CBSE) was conferred upon our school by the Telegraph School Award, for the third consecutive year and also bagged the Award for Excellence in Extra Curricular Activities. Academic Excellence in K-12 category by BW Education was awarded at the National level too. The Academy was also recognized as the Most Innovative School in COVID-19, at the National School Award. This was the first time our students participated virtually at the Indian and the Asian round of International Space Settlement Design Competition and were declared the Runners- Up.
